Dear Mr. Hansen:

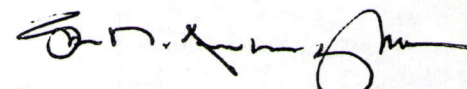

This letter is to advise you we are submitting an application to the Utah Department of Oil, Gas and Mining for drilling core holes at the proposed quarries at the quartzite ridge near Mammoth and Keystone Ridge near Eureka. (see map) The application is an updated version of the previous application and includes both potential sites for producing rock.

If you have any questions, please give Steve or myself a call at (801) 972-6222.

Sincerely,
ANDERSON Engineering Co., Inc.
